

## is seeking interns!

EarthWork Programs facilitates hands-on educational programs with the aim of reconnecting ourselves and our children to Nature. We offer experiences that introduce people to a new awareness of themselves and the natural world. We achieve this through immersion in nature through **Adventure Experiences, Wilderness Living Skills, Nature Awareness, Tracking, Communication and Community Building Skills**, and by bringing forth **Native teachings from Elders around the world**.

If you have a team spirit, some previous experience with youth and children, a sense of humor, a commitment to communication and safety, and most importantly an endless passion to reconnecting yourself and others to the natural world, we would like to hear from you! Naturalist/Earth skills are plus but not required.

Contact **Frank Grindrod** at (413) 522-0338, or visit [www.earthworkprograms.com](http://www.earthworkprograms.com)

*“One of my favorite ‘touches’ of the program is the ubiquitous, almost unconscious, dedication to being thankful. It happened so often and so easily; that it flows into and over your life, and you can’t help but be thankful for things.”*

- Kirsten Goldman  
Earthwork Intern

Interns would receive two-fold hands-on experiences in applied Mentoring principles and Earth-based skills such as:

- ❖ Outdoor Shelter-Building
- ❖ Tracking & Mammal Studies
- ❖ Plant Identification and Uses
- ❖ Matchless Fire Making
- ❖ Carving & Hand Tool-Making
- ❖ Bird Language
- ❖ Lostproofing and Aidless Navigation
- ❖ Ecology/Naturalist Skills
